

Dear OTA Student and Fieldwork Educators,

Welcome to fieldwork! This handbook intends to provide both the student and fieldwork educator with the information and resources to accomplish a successful fieldwork experience. Northwood Technical College's role is to locate and match students with appropriate fieldwork sites, provide ongoing supervision for the student throughout fieldwork, and support the fieldwork educator.

This academic year I will continue my role as the Academic Fieldwork Coordinator for the OTA Program at Northwood Technical College.

If you have questions or concerns related to fieldwork, please do not hesitate to contact me. I want to make the fieldwork experience a positive and enriching experience for both educator and learner. You may contact me via email or phone. I look forward to working together during this next academic year.

Sincerely,

A handwritten signature in black ink that reads 'Anna Polzin, COTA/L'. The signature is written in a cursive, flowing style.

Anna Polzin, COTA/L
Academic Fieldwork Coordinator
